Where in France?

A street view in Strasbourg, France, showing colorful half-timbered houses and the spires of the Strasbourg Cathedral in the background. The houses are painted in various colors like red, blue, and yellow, with dark timber framing. The cathedral's spires are visible in the distance against a clear sky.

A scenic view of a cobblestone street in Paris, France. The street is paved with dark, irregular cobblestones and curves to the right. On the left, a stone wall and a black lamppost are visible. In the center, a small pink building with green shutters stands next to a taller, white building with a green roof. The background shows more Parisian architecture and a clear blue sky.

A narrow street in Bologna, Italy, looking towards the Basilica di San Petronio. The street is flanked by brick buildings with balconies. The tower of the basilica is visible in the background under a clear blue sky.

A large, decorated Christmas tree stands in the center of a town square, surrounded by historic buildings and a festive atmosphere. The tree is adorned with orange and yellow ornaments and lights. The square is paved, and there are red benches or barriers in the foreground. The sky is a mix of blue and orange, suggesting a sunset or sunrise.

A large, historic stone building with multiple spires and a central dome, likely a cathedral or university building, surrounded by greenery and flags. The building features a mix of Gothic and Renaissance architectural styles. In the foreground, there are manicured hedges, several flags (including the Spanish flag and the flag of the Basque Country), and a few small trees. The sky is clear and blue.

A large, dark-hulled sailing ship with three masts is docked in a harbor. Behind the ship is a row of historic European-style buildings. The central building is a church with a large, ornate dome and arched windows. The sky is a pale blue with soft, wispy clouds. The water in the foreground is calm, reflecting the light from the sky and the buildings.

A wide, paved pedestrian walkway in Bordeaux, France, lined with historic stone buildings and ornate street lamps. The walkway leads towards a distant church spire under a clear sky.

A wide-angle view of the Grand Place in Brussels, Belgium. The square is filled with historic, colorful buildings with ornate facades. In the background, the Atomium structure is visible. In the foreground, the Statue of Liberty stands on a pedestal. The sky is cloudy.

A scenic view of the Paris skyline featuring the Sacré-Cœur Basilica and the Eiffel Tower on Montmartre, with a row of colorful Parisian buildings in the foreground.
